

Childcare

Raising children isn't easy, and it's especially hard when both parents are working. When work schedules vary, parents often have to juggle child care arrangements. Following are several organizations that can help you with child care issues:

The **Michigan 4C Association** – is a group of regional offices that help families with child care. This service is available throughout Michigan. If you are looking for childcare in your area, visit www.mi4c.org/offices; or phone 1-866-4-CHILDCARE.

Another service offering help with child care in the mid-Michigan area is the **Office for Young Children** (OYC). OYC helps families with childcare and other services in Ingham, Eaton, Clinton and Shiawassee counties. If you would like to learn more about the services this agency offers, visit www.ingham.org/hd/oyc.
